## GETTING STARTED

If you had your own YouTube or Podcast, what would it be about?

## DISCUSS

Many people in our culture have grown up around Christianity. Sometimes this makes us forget the true impact of what Jesus did for us. Lance likens it to a person becoming the lowliest creature such as a sheep. Can you think of a time you had to be humble and accept accusations or beliefs about yourself that were false?

- On the flip side, have you ever heard gossip you knew was wrong? Many of us have or have participated. What was the experience like?

In our culture suffering is seen as something awful to be avoided. When was the last time you experienced suffering?

- What was your attitude in the suffering? Did you see any light at the end of the tunnel?
- Our culture has a hyper focus on pleasure and avoidance of anything unpleasant. How does God use suffering to draw us closer to him and others?

As Lance says, our position determines our view. Can you think of a time where you had to change your perspective on something?

Humility. Can you imagine the humility of Jesus, to live among his creation, to suffer and die. What does humility mean to you? How can we practice humility as we live in our modern world?
