GETTING STARTED

As a child, what did you want to be when you grew up and why?

DISCUSS

Lance compares the American Dream to the death spiral ants get caught in. What American dream are you being fooled by?

- Is there something in your life you are chasing that you need to let go of?

If you knew and understood God's purpose for your life, would you embrace it? What if it was something you never wanted to do? What if it did not entail comfort or worldly success?

Is there something you feel God made you for? Are you doing it? If not, what are you working towards?

Lance hints that “what really gets on your nerves” could be a passion and calling from God. Your vocation. Is there something you feel God is calling you to based on what upsets you?

Everyone has a purpose God designed them for. In our society, we often see a divide between church life and work life. How can we infuse all areas of our life with our faith? Remember that every moment can have meaning.

APPLY IT

What are you passionate about?

How are you skilled?

What makes you come alive?

Write down these things and pray about it.

Embrace God’s purpose for your life.
