GETTING STARTED

What's the best color in the crayon box?

DISCUSS

What's the difference between gratitude toward God and wonder of God?

- Which do you find yourself practicing more - gratitude or wonder?
- What has made you stand in wonder of God over the past week?

There's a longing in our hearts that only God can fulfill. Share something you've tried to satisfy that longing with (apart from God).

- What did you learn from your experience?
- How can you use that experience to share the gospel with others?

The Bible's pages are filled with stories of God using people of all states, statuses, and seasons to be part of His big story: Noah, Abraham, Joseph, Moses, David, Daniel...the list goes on.

- How do you feel God using you in His bigger story?
- In what areas do you see God refining your heart?

APPLY IT

Look Up

The night sky is a declaration of the vastness of God's creation. Be in awe of it.

Look Around

Take a walk and notice the details of the world around you. Identify God's glory, attention, and presence.

Look Within

Use scripture to guide you in uncovering how God is speaking to you. Your story matters to God - be in wonder of it!
